Such business as properly presented to the board

Near Burnt Meadow Horse Stables, where the town forest abuts an adjoining land owner's property, the land owner has been mowing the town property as their own. The fear is it has been happening for so long that they will be able to call the land their own. It should be brought to the attention of the Selectmen. A motion was made by Peter, seconded by Chuck, to bring the issue of mowing town land to the attention of the Selectmen. All were in favor. Rob will get on the Selectmen agenda.

Dave Charrette told the board about the police report of a truck stuck in the town forest. Garland Lumber had the gate open and the truck entered the forest and before the truck could leave the gate was closed. The truck got stuck between 2 trees. Dave opened the gate after the police were on the scene.

The airstrip needs to be yolk raked in the spring of 2016.

There was a motion by Dave, seconded by Peter, to adjourn the meeting.

Meeting adjourned at 7:35pm.
