FAC Report

Rob showed pictures of the ruts in town forest roads from someone unlocking the gates and driving through this spring. A memo was sent to everyone with keys, to the gates, stating the gates must remain closed, with no admittance, until open by the FAC. Rob talked to Scott Brooks, Freedom Road Agent, about fixing the ruts and drainage issue and was quoted a figure of \$600-\$800 to have the town grader fix all damage. A motion was made by Rob, seconded by Alice, to spend between \$600-\$800, to have the town grader fix damage to roads in the town forest. All were in favor.

Check future meeting minutes for any amendments or changes to these minutes.

The July Forest Advisory Meeting will be a Public Hearing for public comment on the Stewardship Plan Update.

Rob was original contacted by the Freedom Old Home Week Committee (FOHW) requesting a horse drawn tour of the town forest but was then contacted by Lauren Stoddard, chairman FOHW, retracting their original request. They will not be having the horse drawn tour of the town forest this year.

Septic Review Subcommittee Report

A copy of the completed report was passed out and Paul explained how the report was put together. He proposed keeping the committee together to gather ongoing information. Rob suggested sending the report to the Freedom Board of Selectmen for further action.

GMCG is doing a mailing that is strictly anonymous about Septic Systems. People are encouraged to fill out the survey with results being included in the final Ossipee Watershed Management Plan.

Westward Shores Campground

Corey Lane, from GMCG, gave an update on the expansion of Westward Shores Campground urging everyone to attend the next Ossipee Planning Board Meeting on July 5, 2016. She further explained that GMCG is willing to have septic sniffer dogs go around Ossipee Lake pointing out failed septic systems. A cost estimate for this is \$1,200. Also presented was water quality information for Ossipee Lake.
