Review and Approve Invoices for FAISC Accounts

There were no invoices.

A special permit submitted by Solitude Lake Management to apply pesticides to up to 35 acres of Upper Danforth Pond was reviewed and discussed.

Bill shared information from NH Lakes regarding a house bill that did not pass. House Bill 1745 failed and would have appropriated 5 – 10 million for the management of aquatic invasive species. Bill is going to follow up with Jerry Knirk to understand more about why the bill failed.

Lake Host Training Update

Jim updated the committee on the combined tri town Lake Host position and the struggle to fill the positions. Jim has been spending a lot of time at the boat ramp on Rt. 25.

Bruce would like to see a link for draining a boat.

Ned shared his handout that he created on water proof paper with a link to NH Lakes.org to educate people on clean, drain and dry. The handout also reminds boaters of boating rules on the back. Bruce will put the hand out up at the boat ramp at Danforth Bay.

Doing something for Freedom Old Home Week was discussed.

There being no other business to come before the board, **A motion was made by Bruce, seconded by Ned to adjourn at 7:45 p.m.**

Respectfully Submitted,
Stacy Bolduc, Recording Secretary
