Sign Corrected FCC Rules of Procedure

Tabled till next month.

Continue 2018 Goals Discussion

Paul handed out information from Green Mountain on Phase 1 and Phase 2.

Wetlands applications were passed around for FYI.

Business properly presented to the Commission

Check future meeting minutes for any amendments or changes to these minutes.

Mark McConkey came before the board to ask if the commission had any questions regarding the Farmers Lane Association application. There were no questions from the board.

The cyanobacteria algal bloom on Ossipee Lake last week was discussed. The information did not get forwarded to people promptly. With the passing of Jennifer Molin, there will be a meeting tomorrow night regarding someone else taking over Jennifer's e-mail list. There was further discussion on what avenues important information should be forwarded. Paul will call DES to see if there is a way to post affected areas in the future or if there is a system in place to notify people.

Zoning request that has been approved by the ZBA was passed around.

Paul shared the NH Association of Conservation Commissions annual meeting registration and a list of classes that are available. Members are encouraged to sign up for a class if they see anything they are interested in.

The reference manual was briefly discussed, Paul asked if there is anything anyone would like to see added to let him know and it can be added.

David gave an overview of some of the feelings and concerns of FAC members regarding the proposed Madison logging project.

Frank suggested having another meeting to get the 2018 goals assigned and squared away. Frank would like to work on a goal that has to do with water, Paul will work on the land conservation goal. Both will report their progress at the next meeting.

There being no other business to come before the board, **David made a motion, seconded by JP to adjourn the meeting at 7:41 p.m.**

Respectfully submitted,
Stacy Bolduc
Recording Secretary
