Quorum: A quorum was met

Meeting called to order at 7:00 p.m.

Minutes

The minutes for the September meeting were reviewed.

Ned made a motion, seconded by Gerard to accept the minutes for the September 13, 2018 meeting. All were in favor.

Review Invoices

There were no invoices.

Updates Regarding Lake Host for Summer 2018

Jim commented the cyanobacteria bloom is done and over. After a brief discussion regarding the bloom, Jim reported that the lake host program was done for the summer.

Discussion ensued around getting an earlier start next year trying to find a lake host, and it was suggested not skipping the March meeting to get an earlier start. Another question for next year is what boat ramps should be covered.

Another treatment was done in upper Danforth Bay recently. Jim will have the budget for next month's meeting.

Bill commented on an email from Freedom Bulletin explaining that Green Mountain Conservation has done a survey and working with the State to identify areas around the lake that could be potential problems regarding runoff going into the lake. They are looking for letters from landowners to support their project because they are going for a grant.

The calendar will be discussed at the next meeting.

There being no other business to come before the board, **A motion was made by Bill, seconded by Gerard to adjourn at 7:20 p.m.**

Respectfully Submitted,

Stacy Bolduc

Recording Secretary
