Minor Subdivision of Mary Beth Hertel of Cushing Corner Road; Tax Map 8 Lot 24

Loralie Gerard-Surveyor for Thaddeus Thorne Surveys Inc. stepped forward for this application briefly explaining the project as a 3 lot subdivision on Cushing Corner Rd. with each lot having its own septic system. She presented new plans stating the corner markers were set this week. Acreage is now 5.92 acres, 68.29 acres and 21.72 acres. The board went through the check list making sure the application was complete.

A waiver was presented for having a map drawn to a scale of 150 feet per inch, rather than the required 100 feet per inch. A motion was made by Peter, seconded by Bill, approving the waiver of having a map drawn to a scale of 100 feet per inch.

A motion was made by Bill, seconded by Les, to accept the application as complete. All were in favor.

Peter asked about the fact that in the preliminary meeting it was said that approvals were coming for a driveway cut in each lot but now lots 2 and 3 have a common driveway. Loralie explained there is a temporary driveway for logging purposes only but not for residential use. Further explaining how driveway cuts are determined stating that lots 2 and 3 had to have a common driveway.

Public Hearing on Subdivision started at 7:25pm.

Public Comment

Marcia Santner asked about septic approvals and it was explained that because the subdivision is being sold as lots, septic approval is not necessary -test pits only are required.

Michelle Naismith asked for an explanation on the logging road vs. shared driveway. Loralie explained. Jean Sigourney asked about water courses on abutting property and Loralie explained because the development is in the first 800 ft. anything beyond that did not have to be delineated. The board continued with the subdivision check list.
