This permit does not take the place of any license or permits required by law. Permit is non-transferrable; with any change in process, location, use of occupancy, or dates, you will be required to obtain a new permit. When signed by a representative of the Freedom Fire Department, this application becomes a temporary permit to conduct the activity described above. The activity described above must be conducted in accordance with recognized codes, standards, and with safe workman-like practices.

By signing below, I certify that all plans and specifications included with this application will be followed during construction and any changes made shall be only after notifying the fire inspection, that the proposed work is authorized by the owner on record, and that I have been authorized by the owner to make this application as his authorized agent and we agree to conform to all applicable laws, codes, and requirements of this jurisdiction. I also acknowledge that fines and additional fees will be imposed if any work is conducted prior to issuance of a permit and that a minimum of 24 hours notice is required to schedule an inspection.

Signature of Permittee	Signature of FFD Representative
