REGULATIONS/SUBMISSION REQUIREMENTS

This application follows the site plan regulations (updated May 16, 2024) as posted on the town of Freedom website (townoffreedom.net). Before submitting your application, please review the four phases of site plan regulations Sections 5, 6, and 7 for more information on the Board process. **This is a summary of the regulations and is not a substitute for them.**

Section 5 Plan Phases. There are four phases to Plan's application procedure. They are used to provide guidance in order to minimize the cost for changes in preparing the final Plan.

You may choose to have a pre-application review. **The other three plan phases are mandatory.**

5.1.1 Pre-application Consultation and Review/Informal Discussion allows the applicant to discuss the concept in general terms for the limited purpose of familiarizing the Board with the location and type of development and the applicant with general requirements of the Board as set forth in the Regulations

6.1.1 Procedure: Upon request of the applicant, the Planning Board Chair shall place an Informal Discussion on the agenda of the Planning Board at a regularly scheduled meeting. Abutter notice is not required.

Information Requested: The applicant shall provide the Board with a sketch plan only showing the location and type of the proposed development, with additional information such as general topography including prominent natural features of the tract and how the concept conforms with the Master Plan. Presentation of a detailed plan will require postponement and notice to abutters.

This phase is optional. If you would like to have a pre-application consultation, send your request in a letter to the town office with the following information:

- Name of Applicant(s)/Property Owner
- Telephone
- Mailing Address
- Physical Street Address of Property
- Tax Map# and Lot and Zoning District
- Brief description of the proposed development and sketch. Do not bring a plat or other formal depiction of the project.
- Submit by 1:00 pm 21 days before the meeting at which you would like to appear:
- Hand deliver to 33 Old Portland Road, Freedom, NH 03836
- Mail to PO Box 227, Freedom, NH 03836
- Email to office@townoffreedom.net
- The Board will post the meeting on its agenda but notice to abutters and other parties is not required.

5.1.2. Design Review (RSA 676:4, II(b), (c)) The purpose of design review

- Review and understand the essential characteristics of the site and specific requirements of local regulations
- Communicate concerns of board members, abutters, and the general public to the applicant before the final design is prepared
- Determine whether or not the development has the potential for regional impact under RSA 36:54.
- Decide whether to require or waive the requirement for a third-party review of the application and specify other required studies.

6.1.2 Information Required: In order to provide the information needed for third-party review and to identify other studies will be required, the applicant shall provide the following:

- A site location map placing the parcel in the larger context of the community;
- Location of all existing and proposed commercial development (buildings, roads, other structures)
- A site survey showing pertinent features of the site;
- A topographic map of the area;
- Any soils information, such as permeability or boring data, which has been gathered; and features and

easements, and lot measurements

- A sketch showing streets, and recreation areas; watercourses; natural features and easements.

Please stamp all material presented during this phase “design review.” Any information not modified or changed may be filed as part of the formal application and the notation may be changed accordingly.

At the conclusion of the Design Review Phase, the Board shall submit in writing its recommendations and reservations with respect to the proposed site plan. The Board shall determine the additional information the applicant shall include with the final application. Examples of additional studies that the Board may require include:

Additional Plats. The Board can also require additional plats if necessary. Examples of additional plats are as follows: Erosion Control Plan, Landscape Plan, and Profiles and cross- sections on roadways and bridges

Graphic Presentation. The Board can require the applicant to provide photo simulation, photomontage, or drawings that depict the built conditions of the site.

Additional Documentation. At the request of the Board additional documents may be required. Examples of additional documentation include coverage maps, balloon tests, drainage studies, traffic studies, wetland studies, and environmental, and fiscal impact studies.

These additional studies may be requested at the end of the Design Review Phase or when the Board is reviewing the final application materials.

5.1.3. Completed Application. The purpose of this phase is to determine is the application is complete. If so, the Board will take jurisdiction over the application and proceed to 5.1.4 Final Plan Approval. Applicant must provide the Board with the information required in provided checklist (Section 6 Site Plan Review Requirements)

6.1.3 Information Required: A completed Plan application shall fulfill all the requirements of Section 6 Application Requirements. Please fill out the checklist (Section 6.1.4) and below to indicate that the application meets the requirements. Please make note where in the submission said information is provided.
